Hot Political Battle Will Be Waged Over in Glades Primaries

Politics is a hot issue over in Glades County, as more candidates have come out for public office than any previous campaign. Those now holding office who are without opposition are Clerk of Courts, Thomas D. S. Weeks, Supervisor of Registration, Mrs. Sallie Haddon, County Judge, J. M. Crounse, School board, district 5, Mrs. Alice Bailey; T. H. Stoll, school board, district 2. There are four candidates for Tax Collector; two for Tax Assessor; three for Sheriff; two for County Superintendent of Public Instruction. Present registration shows that Glades County has 776 voters.

Billy Taylor Escapes Tumor Operation

George Taylor, Sr., received word from his wife, who is with their son Billy, at Cincinnati, that after surgeons had prepared to operate on Billy, that they discovered and determined that an operation would not be necessary, as the tumor on the brain had responded to other treatment in such a manner, that the operation was postponed for the time being at least.

Boy Scouts Will Present PTA Program At S. Bay

The Parent Teacher Association will meet Monday April 5 at the South Bay school auditorium at 8 o'clock.

Grand Lodge Institutes Chartered Old Fellow At University Campus

The promoters and backers of Glade Lodge, No. 36, Independent Order of Odd Fellows, are much encouraged over the manner in which the lodge is building up both in attendance and new members. Several candidates were elected at its last session, and other petitions presented. Two candidates received the second degree in West Palm Beach lodge on Wednesday night.

Robert Schroder, J. K. Baker and John M. Gledhill are expected to attend the Grand lodge session in Leoville April 15-16 as representatives from the lodge.

"Slim" Rutledge Given Military Funeral; Burial At Hillcrest Cemetery

One of the men who pioneered in the Glades section, especially around Belle Glade, was most commonly known as "Slim" Rutledge, a man who was willing to turn his hand to most any task that would bring a recompense. He was not to spend his money and time unless there was some reward, and that reward he saved, until he could make some investment. His first business venture was the taking up ice delivery work, which he carried on for a number of years. He began picking up and erecting negro tenement houses over in negro town and within the past two years has erected a modern cement constructed block, one of the best in the city. Slim did drag line work, farming, and some construction work.

Funeral services were held in his memory at the Berry Funeral Home in Pahokee, on Saturday afternoon, which were largely attended, in charge of Mrs. King, a reader from the Christian Science Church, Everglades Post No. 20, American Legion of which he was a member, participated in the services. Burial was made at Hillcrest Cemetery at West Palm Beach.

The pall bearers were Jesse Walton, Bob Eden, John Schoenfeld, Frank Krause, Atty. Newman Miller, and Howard L. Hany.

Children Enjoy An Easter Egg Hunt

Mrs. Grace Woodham and Mrs. H. J. Williams took a party of children on a winter ride to St. Lucie Canal Saturday. Little folks in the party were Tony and Rebecca Woodham, Jack, Jerry and Julia Williams.

ball and were weak at the bat. The only runs the Rams got were in the opening inning. Stange got a hot one in his ribs and walked, stole second, and scored on McDonald's. Stange drove to left and McDonald also scored when Harrell drove him in with a beautiful base hit.

The Cats were heavy at the bat, and that coupled with bases on balls, wild pitches, made it possible for them to have almost a steady parade over the bases, they having eleven men on base in two of the seven innings.

Overfelt the Cat's left fielder, was the star hitter, having five hits out of six times at bat. With the bases full on one occasion, he pulled a long drive out into the ice plant corner, clearing the bases for four runs.

Harrell for the Rams had two hits and a triple, while McDonald and Doggett got the other two hits, a total of five for the game.

Cook had to interchange his players and the shifting was hard on the scorers. Tommy Williams took the game as pitcher, followed by Harrell and McDonald, and how effective they were is shown by reading the summary of the game. Kirk and Davidson performed the umpire duties in a very satisfactory manner.

American Legion To Gather At Miami For National Convention

Harvey Seeds Post, American Legion, is to be the host Post to the National Convention, which will be held in Miami, from October 18 to 21st, and the entire city is preparing extensive plans for their housing and entertainment, aside from what veterans do not concoct.

It is expected that many thousands of visitors will come to Florida for this event, for they know something of the varied entertainment in that metropolitan city of South Florida.

This convention was held in Miami some years ago, and the city has never forgotten it, especially the fine parade that was staged.

Florida Posts will be sending big delegations to participate in this big day convention and carnival.

Cooper And Watson Hold Political Debate At Gainesville

Dick Cooper, of Deland, the youthful candidate for Governor, challenged his much more experienced opponent, Tom Watson, for a public debate and the latter accepted the challenge, and the big verbal fray was staged at Gainesville on March 29th, before a sizeable crowd.

Young Dick proved his stamina and threw the political charges and punches without pulling one of them. Watson some man of experience in the forensic field strutted some of his fiery utterances. It was quite an exciting entertainment, but doubt is held, if it did either of the candidates interests in the race any vote gathering good.

Woman's Club Will Hear Noted Speaker

The Woman's Club will present a program on International Relations on Wednesday April 7 at the Club House. Mrs. H. O. Earwood, program chairman, will introduce A. W. Gottschall of Miami who is an outstanding authority on UNESCO of the United Nations and come here very highly recommended by other south Florida clubs.

Guest Of Pahokee Lion's Ladies Night

Mr. and Mrs. Emmett Roberts, Mr. and Mrs. R. Y. Allen, Mr. and Mrs. H. V. Draas, on Tuesday night, were guests of the Pahokee Lion's club, at its annual Ladies night dinner and entertainment, and report a most enjoyable time.

The Ladies club induction team was also present and they put on a real induction ceremony, and the guests will not soon forget, as it was uproariously funny. Some 150 guests enjoyed the function.

NEVER FAILED AND WILL NOT, as the GLADES WELL KNOWS.

YODER RED CROSS NEEDS WHATEVER YOU CAN OR WILL AFFORD: GIVE IF YOU CAN, BUT GIVE UNGRUDGINGLY.

World conditions have caused the headquarters to adopt the slogan "KEEP YOUR RED CROSS READY", and asks for oversubscriptions.

Right now this area is continuing the outstretched hand from the Federal Government for FLOOD RELIEF, and it has not been for RELIEF both RED CROSS and FEDERAL FUNDS this area would be just recently getting its nose out of three feet of water.

Are we going to sit idly by and let this humanitarian organization go without at least an effort to help?

KEEP YOUR RED CROSS READY by giving whatever you feel you may give ungrudgingly to the solicitor when approached.

Local Lion's Club Entertained By Rev. Carl Moberg

There are no repeat speakers who come before the Belle Glade Lion's more welcome than Rev. C. A. Moberg, of the Pahokee Baptist Church, and S. K. Smith, Sr., introduced him as the guest speaker before the club Wednesday. Rev. Moberg is a real artist when it comes to vocalizing and playing on the piano, and in the opening of his talk, he gave some interesting stories and demonstrations of how not to play a piano in chord harmony.

He spoke briefly on the subject, "Why Belle Glade Has Prospered." He stated it was well known that Belle Glade had taken great strides in the past few years and was now the largest city of the Glades and the second largest city of the County, and was still expanding and growing. He stated that there were three reasons for this unprecedented condition, namely Leadership, Fellowship and Fellowship, and when a city can boast of such three ships, there is bound to be success.

County Health Unit Temporarily Headed By State Staff Man

Announcement is made by the County Commissioners that the proposed County Health unit will become effective in its planned work, on April 1st. The State Board of Health has sent Dr. L. L. Parker, one of its staff agents, to West Palm Beach to head the unit, until such time as a Health Officer is secured by the Commissioners.

Under the proposed set up, the Glades area, is to be given several permanent field officers for service in this section.

New Business Managers

Mr. Simeett O'Dea and Walter Whitcomb of Ft. Lauderdale, have come to Belle Glade to take over the business management of the General Motor Diesel Corporation, which has its plant in Belle Glade Block on South East Avenue. These men are trained people in the motor and Diesel business, and have been located in Ft. Lauderdale for some time past.

OBSERVATIONS
fields, is now on its fourth year of its Crusade for Christ program, in which the local Community Methodist Church has largely cooperated and contributed to the cause. The Board of Bishops and other Board Officials have just released the accomplishments of the past three years, which is remarkable in church history. In the way of finances the quota of \$25,000,000 has been exceeded by \$2,000,000, and money still pouring in at an unprecedented manner, in a church income, 510,643 new members have been added, bringing the communion membership up to \$5,677,722, of which over 10,000 are tithers. Sunday school enrollment has increased 567,640. The total church offerings have been \$20,320,688, of which eleven and three quarter millions have been for church benevolences.

Florida has long been known as one of the best wooded states in the union, and lumber has been one of its rich resources, and still is a big lumber producing state. The State Department of Agriculture through its Forestry Department, is doing a magnificent job in the conservation and propagation work. Many thousands of farmers are now engaged in reforestation work. Future Farmers and 4-H clubs, are taking up similar projects. Forestry schools are being established, and a new one will soon be instituted over at the Clewiston (field) now in possession of the Federal Government. A Forestry officer says, "Courses and projects in wild life and forestry is just like piling money in the bank." Woodlands pay handsomely for themselves, and the fishing business in Florida is \$200,000,000 business, which comes mostly from our tourists.

George Royal of Royal's Incorporated, is one of the oldest merchandisers in the Glades, and over the period of years, has built up a sizeable and creditable business empire. Mr. Royal picked up the idea somewhere along his business career, that the entire Glades would be a teeming place of varied activities, and a good trade center, and for that reason selected an outlying section of Belle Glade, for the creation of his main store and wholesale warehouse. Since that time business has steadily grown out that direction, and West Avenue A, has indeed become a central market, and the fishing business in Florida is \$200,000,000 business, which comes mostly from our tourists.

There is a platted section over in negro town where the

lot frontage are but 25 and 30 feet, and old time building restrictions as to space between houses prohibited building within five feet of the lot lines. The new City Inspector and Planning Board, with sanction of the Commission, are working on a plan to make some changes in the lessening of these limits, so that 20 and 25 foot frontage lots can be constructed. When such changes are effected, there are a number of property owners ready to improve their properties with modern homes.

Billy Horn, who has opened up a store in South Bay, has got a neat and attractive place. May have future success in your business venture is the wish of the Herald and your many friends.

The Pahokee-Belle Glade and South Bay area of the Glades, is well supplied with a number of outstanding clubs, in the Savoy, Lido and Glades club at Pahokee, the new Bender place south of Belle Glade, and the Gala club at South Bay.

George Williams, who handles the icing concession at Cardwell, Belle Glade, South Bay and Lake Harbor, says that in a normal season, from fifty to fifty five thousand tons of ice, of cooling ice for refrigerator cars. The highest record recorded by him was 57,000 tons, during one of the war years. When a frozen cake of ice is drawn from the tanks, they weigh 300 pounds, to allow shrinkage of a 300 pound cake.

Mr. and Mrs. Lee, of West Palm Beach, who came to the Glades nineteen years ago to engage in the mercantile business, have sold their local store, to their son, Schuyler Lee, who has assumed management. Mr. and Mrs. Lee are retiring from their life long career as merchandisers, and are entering upon a new venture. They have bought land three miles north of Lake Park, and under plans of a West Palm Beach architect, will erect and conduct a modern motel camp. The Lees have made many friends in Belle Glade and will be missed from the list of our business people.

With a new motor cop riding out and about the city, a lot of this crazy, insane and fast driving will be eliminated. Several offenders, with fast cars, have recently floundered the officers, as they sped their fast cars away from our present slow police cars.

My big boss, the past week, played a brand new typewriter machine on my desk, and am I pleased and enjoying a good unit with which to work. Guess he must mean that good, clean typed copy, is expected to issue from it. Well, anyway, Luther many thanks.

A lot of the former vegetable men who have gone into the cattle business, are now speaking the cattlemen's language, but in essence, the same old type of words are recognizable.

As one visits the packing plants, and sees all the bulks of beans stacked up or in ham-pers, one wonders where they all go. Takes a lot of pots and pork seasoning to make that many beans palatable for food.

Hear that a young business man from out of town, has a plan in mind to give Belle Glade a large, modern permanent skating rink.

When a city has something worth while it ought to be proud to praise it, and so, I am taking this column, to commend and praise the work of the Community choir, for its fine presentation of "The Crucifixion" presented during Holy Week at the Baptist and Methodist Churches. This is indeed a sterling group of singers, and their music almost divine.

Belle Glade had an honored guest in its midst during Holy Week, in Mrs. William Sunday, the wife of the great Evangelist, Billy Sunday. Her addressers were of a most entertaining type, and she had flashes of the former power of her husband. Mrs. Sunday stated that she had a rather hard time to find and reach Belle Glade, but after reaching here, she fell in love with the town, and gracious hospitality of its citizens, and will long carry memories of her brief visit in our midst. Funny, most every strange visitor, who comes and mingles in our midst, goes away expressing high appreciation of our community and its good people. Mrs. Sunday, we Glade people re-spectate, for we liked you too, and do come back and see us again.

events of this season in Belle Glade will be the concert to be presented by the Miami High School Glee club under the direction of Miss Betty Borin, at 8:15 P. M., Friday April 9 at the Belle Glade school. The concert is being sponsored by the music committee of the Parent-Teacher Association of which Mrs. J. P. Parsons is chairman.

Proceeds will be used for much needed equipment in the public school under the direction of the Belle Glade school. During the past year the public school music department has been stressing choral work and this concert promises to be of interest to parents and children in our community. The program will include Randolph Thompson's "Alleluia", Fred Waring arrangements, selections by the boy's quartette and baritone solo. The choral group is composed of 50 voices and a complete program will be published.

Tickets may be secured from Mrs. George Royal, Mrs. M. Granger or any student of the school.

Snake Hunters For City Zoon Get Reptiles In Glades Coptry

J. R. Lutz, curator for the St. Louis Zoo, and E. M. Perkins, holding a like position with the Lincoln Zoo at Chicago, with their crew of poisonous reptile boys, spent last week in Glades and Hendry counties, and were very successful in the conquest, shipping back several crates of rattlers, moccasins and coral snakes.

This is the second visit to the Glades for the same purpose, as the zoo men find it good territory for the reptile denizens.

The men made extensive inspection and study of the Toney Mounds south of Clewiston. They stated they were among the most interesting groups of ceremonial mounds of the many built in the Everglades by the Mound builders.

Atlantic Coastline Wins Rail Consolidation Decision Before ICC

Two very important decisions were handed down in Washington, the past week end, which effects Florida, and south Florida in particular, and Belle Glade.

The Interstate Commission, which has the Florida East Coast and the Atlantic Coast line merger under consideration for several months, handed down a 5 to 4 decision, in favor of the Atlantic Coast Line thus upholding the report of its field Commissioner.

However, this decision, does not end the controversy, as the Dupont and the interests will carry the controversy to the Supreme Court for final hearing and decision.

The second action came from the Supreme Court, which refused to hear the case of Tom Watson vs. the State of Florida, which involved the \$2,000,000 paid for Everglades National Park lands. Watson contended that the payment of such money was illegal and the transferring of the lands to the Government took away certain oil and mineral rights from the state. This decision not to review the case from the Florida courts, ends that controversy, although one other suit involving school funds is still pending for a decision from the same court.

The Atlantic Coast Line decision is of import in the Glades because the Florida East Coast serves most of the Glades territory from Ft. Pierce to Lake Harbor, by a branch of its line. The Atlantic Coast line served the territory lying west of Lake Okeechobee from Lake Harbor north to Haines City, and will soon have a new branch connected into the Okeechobee sugar mill, which was authorized by the I. C. C. some months ago.

If the Atlantic system finally does come into control of the FEC it will give it sole control of all the area south of Lake Okeechobee. Might be with such a system, that passenger service might be established from Ft. Pierce to Ft. Myers and Tampa by its connecting lines.

J. E. Gum To Replace Boyle As VA Contact Man In This Area

The Veterans' Administration Regional Office, Miami, Florida, announced today that Joseph B. Boyle would no longer serve Belle Glade and other outlying communities for the VA. Mr. Boyle, who has been working with Mr. James A. Stafford, the local Veterans' Service Officer, plans to enter private business shortly after the first of April.

In making the announcement the VA advised that service would not be discontinued to

Replacing Mr. Boyle, is Joseph E. Gum, also a contact representative, working out of the West Palm Beach office. Gum, who has been with the VA since early 1945, plans to be in Belle Glade each Wednesday afternoon to assist local veterans.

Veterans are reminded that July 31, 1948, is the final date for making application for reinstatement of their government insurance without a physical examination. After that date, a physical examination will be required by the VA.

A law, recently approved by congress, allows veterans attending school full time under the G. I. Bill additional subsistence allowance, based on the number of dependents they have. Those veterans attending school full time under the Bill will receive the increase automatically.

Veterans going part time, will not be affected by the increase and will continue to draw the amounts they are now receiving.

COLIN ENGLISH BELIEVES EVERY CHILD SHOULD HAVE AN EQUAL OPPORTUNITY FOR A GOOD EDUCATION

The welfare and education of Florida's children has been the life work of Colin English. During his three terms as State Superintendent of Public Instruction, he has raised the quality of Florida's public school program from substandard levels to well above the national average. Florida's present educational system now serves as a pattern for twenty-seven other states.

The prosperity of any country, state or community depends directly upon the education of its children. Education is good business... it's the best business investment a state can make!
